

## Call for Papers for The Sleeter Group's 2010 Accounting Solutions Conference

The Sleeter Group has opened opportunities for interested parties to submit abstracts for presentation content for the 2010 Accounting Solutions Conference, which is being held the week of November 8, 2010 at Paris Las Vegas Resort. Content is scheduled to be delivered Monday through Wednesday, November 8-10.

Interested parties must be completely knowledgeable on their subject matter, and be experienced at presenting to groups in excess of 100 people. The presenter will *not* be responsible for reproducing handout materials.

Presentations may fall into the following topic areas, though submissions that fall outside this list will also be considered:

- Training on QuickBooks or other accounting software
- Practice management and marketing including paperless, remote support, and workflow
- Working with data across software packages
- Add-on services and technologies such as payroll, time & billing, A/P, A/R, point-of-sale, and software that connects with financial accounting software
- Working with clients in vertical markets including, but not limited to, not-for-profit, manufacturing, construction, and professional services
- Regulations and compliance in accounting, auditing, and finance
- Security, networking, and cloud computing

As the agenda often shifts during the Conference planning cycle, the presenter must be able to accommodate any timeslot from 12:00 p.m. Monday, November 8 through 4:30 p.m. Wednesday, November 10.

Interested parties should submit an application at <https://www.quickbase.com/db/be6uwt8ju?a=GenNewRecord> **by April 30, 2010**. You will be notified by May 31, 2010.
